

# October's County Corner

*Our Monthly Educational Feed*

## Board Review

Wednesday afternoons include an optional board review session for residents. Sessions cover systems-based topics in emergency medicine and help residents prepare for the in-service and board exams.

Date: 12/26 at 12:15PM EST

Topic: Faculty Board Review

Please email [joel.gernsheimer@downstate.edu](mailto:joel.gernsheimer@downstate.edu)  
for Zoom Link & Invitation

## Wednesday Conference

We have 4 hours of didactics every Wednesday. Our conferences include interactive learning sessions, core content and evidence-based reviews, and lectures focusing on professional development and social determinants of health. This month you can join us via zoom on select dates. Please list your name, MS4, and Institution once you log in.

Date: 11/2 from 8AM-12PM EST

Please email [kingssunyeducation@gmail.com](mailto:kingssunyeducation@gmail.com)  
for Zoom Link & Invitation

## YouTube Lecture Library

If you are unable to attend conference, we also have a YouTube channel featuring recorded conference lectures. Below are links to some of our awesome recent lectures!

["EMpathy in EM"](#)

by Dr. Keesandra Agenor

["Chemotherapy Associated Toxicity"](#)

by Dr. Edwin Rosendo

## Thursday Student Lectures

On Thursdays, we have dedicated didactics for medical students to cover core content and bread-and-butter Emergency Medicine. There are no student lectures in the month of December, but feel free to join future dates!

Please email [linda.fan@downstate.edu](mailto:linda.fan@downstate.edu)  
for Zoom Link & Invitation

## Mini Fellowships/Journal Club

We have a multitude of mini-fellowships encompassing many niches of emergency medicine, which meet on a monthly/bi-monthly basis and review pertinent literature. This month you can join us via Zoom. Please list your name, MS4, and Institution once you log in.

October included meetings with the Toxicology and Geriatric Mini-Fellowships!

Please email [kingssunyeducation@gmail.com](mailto:kingssunyeducation@gmail.com) for Invitation to upcoming meetings

## Research

Lastly, we have a robust research team that is routinely conducting studies and publishing articles. Here is a recent article of interest!

Molyneaux N, Liang T, Chao J, Sinert R. Application of the Rochester Criteria and Yale Observation Scale Score in Febrile Infants  $\leq$  28 Days to Identify the Prevalence of Invasive Bacterial Infection.

Accepted: Journal of Emergency Medicine

## Blog Posts

We have a resident-run FOAM blog where our residents submit posts on various topics. Here is one of the blog's recent popular posts!

["Characteristics of Typical Atrial Flutter"](#)  
by Dr. Alec Feuerbach
